All In On Maine

In every way, our bank is defined by Maine. Where we are. Who we are. Who we serve. Our goals. Our priorities. For us, it all starts and ends with Maine.

A MESSAGE FROM THE MANAGING & ARTISTIC DIRECTOR

Welcome to Schoolhouse Arts Center and our production of Mean Girls!

Mean Girls roared into popular culture with its movie release in 2004 and again, 13 years later, with its Broadway debut in 2017. Through its exploration of high school culture, it captures the experience of being a teenage girl in America.

Cady Heron leaves a life halfway across the world and enters a culture she has never experienced before. Her story collides with the social norms of high school, causing an upheaval in the lives of everyone involved.

Mean Girls invites us, as an audience, to consider personal responsibility, the importance of accepting ourselves and others, what it means to fit in, and the value of community and friendship. It is my hope that you will have fun, laugh, and enjoy this production.

At the beginning of the show, its central theme is stated: teenage female empowerment. Teenage girls are a group that is often judged, overlooked, and mocked in our society. Their hobbies, fashion, music, and interests are frequently looked down upon, which can set them up to be pitted against one another in a competition for acceptance. This show explores that system, how it affects them, and how they can break away from it.

I encourage us all to reflect on this reality: how teenage girls are still pushed aside and how femininity is often treated in our culture. My hope is that, by watching these characters challenge the status quo, we will be inspired to do the same and help make the world a better place.

Enjoy the show!
